A young lawyers' crusade to offer quality services and affordable rates while rockin' her silver TOMS

Mesa, Arizona (August 3, 2011)—With the growing economic crisis and high unemployment rates facing Americans today, the need for quality and affordable legal service continues to be an issue weighing heavy on the hearts of families. Struggling to provide for their children, many parents find it difficult to even consider additional expenses related to divorce, custody, child support and paternity. As a result, families are looking for affordable services and attorneys that truly have their best interest in mind.

Leading the charge in Arizona is **Glickstein Law, PLLC**. Operating under the leadership of Falynn S. Baum, **Glickstein Law, PLLC** is a group of young, passionate leaders and advocates for making quality family law services accessible to all by offering affordable rates, free consultations and flexible payment plans.

With an innovative and youthful perspective on family law, Falynn has found that her methods and practices are far different than many of her more traditional colleagues. As a young attorney, she has quickly learned that a dynamic hands-on approach and innovative thinking works best. Falynn continues to break down the barriers of her profession and dismiss the traditional stereotypes of family lawyers. It's a man's world and Falynn is stomping all over it with her silver Toms!

As a child growing up in El Paso, Texas, Falynn experienced the customer service industry when the Glickstein family owned and operated several area pawn shops. Falynn developed a strong sense of public service while watching her family strive to provide a friendly, warm and respectful environment where customers felt appreciated. It was there that she developed a strong work ethic, dedication to public service and inspiration to pursue her goal of becoming a family law lawyer.

Today, **Glickstein Law, PLLC** operates with the same caring and compassionate customer service that Falynn was raised with. As a young and forward thinking professional, Falynn continues to nurture her passion for helping those in need by volunteering her services through programs that focus on helping families in need of affordable legal advice.

One of those programs where **Glickstein Law, PLLC** regularly volunteers time is the Family Lawyers Assistance Program, offering 30-minute consultations for people who are representing themselves in family court cases. Through this pro bono work, **Glickstein Law, PLLC** has been recognized by the Volunteer Lawyers Program a superior leader providing affordable legal services. Falynn was honored this year when she was selected as the Advocate Of The Year and presented with the 2010-2011 "For Love of Justice Pro Bono Award".

Glickstein Law, PLLC provides family law and domestic services including annulment, divorce, paternity, spousal support, child custody and support. **Glickstein Law, PLLC** is affiliated with the American Bar Association, State Bar of Arizona and is involved with pro-bono services at the Phoenix and Mesa Family Law Assistance Program. **Glickstein Law PLLC** is located at 2266 South Dobson Road, Suite 200, Mesa, Phoenix, 85202. Clients in need of advice and representation can make an appointment at **Glickstein Law, PLLC** by calling 480-775-5130. Also, visit them online at www.glicksteinlaw.com.
